

Best Practices for Community Gardening During COVID-19

Gardens on NYC Parks property are only open to garden members for necessary maintenance. When inside the garden, remember to:

- Maintain social distancing of 6 feet between gardeners at all times
- Wash and disinfect used tools and high-touch surfaces when finished
- Wear a face covering at all times
- Wash hands with soap and water for at least 20 seconds or use hand sanitizer with at least 60 percent alcohol
