Spring Program Activities:

“Everyone is smiling despite the chilly temperature at the Vermicompost Workshop held on March 31st, 2005 at the Peachtree Garden in Manhattan. Participants learned how to compost indoors with Red Wigglers from Christine Datz-Romero of the Lower East Side Ecology Center. After the short workshop all registered GreenThumb gardens had the opportunity to order soil, compost or cleanfill for their gardens. These materials will be delivered to gardens during April and May.”

Does your garden need any of the following supplies? Look inside for details...

- **garbage bags, hoses, shovels, forks, rakes, brooms, twine, gloves**
- **lumber for building or repair projects in the garden**
- **Just Food’s “Veggie Tip Sheet” catalogue**
- **canning jars, cold frame kit**
- **herbs, handtools**
- **Pathmark vouchers for garden events**
- **attractive hand painted wooden signs for the garden fence**
- **American Community Garden Association’s “Growing Communities Curriculum”**

Please note that garden members must attend a workshops in order to recieve supplies.
Summer Supply Pick-Up
◆◆ garbage bags, hoses, shovel(1), fork(1), broom(1), rake(1), twine, gloves ◆◆

Bus: B25, B26 (along Fulton St.) to Carlton Ave, B38 (along Lafayette Ave.) to Carlton Ave, B52 (along Greene Ave.) to Carlton Ave.
The time has come again to register your community garden. The settlement requires that community garden groups re-register and sign new licenses with GreenThumb every two years. Only registered garden groups in good standing (not in violation) are eligible to receive GreenThumb services during the season. This includes all workshops and giveaways of plant materials, lumber, soil and tools. We hope many more groups will take advantage of registration this year.

TPL and NYRP Gardens

Gardens on TPL and NYRP property may register for GreenThumb through their respective land trust administrators.

School Gardens

All School (EIG program) Gardens that have worked with GreenThumb in the last five years will receive notification about registration via mail this summer. Upon registration school gardens will be eligible for a full range of GreenThumb services. We encourage school gardens to take advantage of opportunities to network with area community gardens at registration sessions and subsequent participation in our enriched program of events and workshops.

HPD Gardens

This summer, GreenThumb will send new licenses to the primary contacts of community garden groups that steward HPD properties. You are expected to sign the license and send it back to GreenThumb. Signing your license will re-register you with GreenThumb for the season.

Gardens in Violation

Please note that garden groups in violation will not be eligible to register this summer. As GreenThumb staff continues to visit sites and review last year’s activities, we will work with garden groups to resolve violations before registration. Violations to GreenThumb rules and regulations include: keeping animals (except in accordance with Department of Health standards), poor maintenance and storage of non-garden related items, consumption of illegal substances, alcohol use, neglecting open hours, prohibiting public access, illegal structures, low membership (under 10), and lack of public programming events.

Please contact us if your group is in need of some assistance to alleviate any problems your garden may be facing.

GreenThumb has a lot in store for registered gardens this season. With the advent of new staff we are able to offer increased assistance with horticulture and site design as well as a range of new workshops and networking opportunities to further develop garden groups. We appreciate your efforts and hope that all will participate and allow us to help you continue to serve and improve our communities.

Tips: for getting to GreenThumb Events

1. Ask all members of your garden group if they are able to attend or if they have access to a car.
2. Ask neighbors and anyone that stops to admire the garden if they would have time to help out the garden.
3. Check with local churches and community organizations to see if they have a van or car that could be used for attending workshops or picking up supplies.
4. Visit local businesses to see if they have a delivery van that might be perfect for picking up supplies.
5. Check with all the community gardens near you and see if they would be willing to carpool. Call GreenThumb if you need names and phone numbers for these gardens.
6. Put a sign on your garden gate “Support your local community garden – Volunteers needed to pick up supplies.”
7. Split the cost of a rental van amongst several community gardens (3 gardens for about $20).
